Waterfront Apartment – THE NURSE SHARK (W1B) and THE GREEN MORAY (W2B)
...are apartments overlooking the Florida Bay, with a queen bed in a separate bedroom, two trundle beds in the living area, and a bath. Each room features a private, screened-in porch complimented by a hammock and an outdoor dining table. This is a premier location on the resort to enjoy the spectacular Key Largo sunsets.

Amoray offers unique combination of adjoining rooms...

Several pairs of our double rooms have adjoining doors. Three of our small apartments have outside private stairwells that lead to double rooms directly above – these two accommodations together are perfect for a family or two couples to share a kitchen.

Both waterfront apartments have adjoining single rooms; guests can rent both rooms and have a two-bedroom apartment. One of our waterfront double rooms is connected to a standard double room, allowing guests that rent both rooms to share the porch.

Any adjoining room can be rented independently of the other.

All rooms have a/c, color television, refrigerators, microwaves, coffee pot, hairdryers, irons and ironing boards.

Trundle beds feature two separate beds; one twin mattress slides from underneath a second twin.

Most accommodations are available in both upstairs and downstairs units – please let us know if you have a preference.

Room assignments for doubles and small apartments are made upon arrival.
